

## [GOA Technologies adopts a new corporate identity](#)

Montreal, October 7<sup>th</sup> 2004

---

### *GOA Technologies is changing its name to CloserLook Search Services Inc*

Our new url will be [www.closerlooksearch.com](http://www.closerlooksearch.com).

We are making this change to better serve our clients as well as to position the CloserLook™ name consistently. CloserLook™, our Invisible Web search engine, has been the driving force of our business development and growth in recent times. CloserLook™ has also become a powerful name in the industry for focused and deep search capabilities for the Invisible Web. The new business name will keep in line with this trend.
